

# What in the World?

Notes from your  
Global Mission Commission

Episcopal Diocese of Pennsylvania

## Grants for Global Mission

### “Creating and Enhancing Global Mission Relationships through Technology”

In this new era where global travel has been curtailed but where global Christian fellowship is needed more than ever, the Global Mission Commission is challenging parishes to imagine and then share ideas with us. We are inviting parishes in the Diocese of Pennsylvania to submit proposals for maintaining or creating fellowship through technology. We will award the best proposals with grants not to exceed \$500. Proposals should include:

- Explanation of how you plan to enhance relationships with your existing global mission partners or how you would create a new relationship.
- How you plan to include/involve young people.
- A budget for your project.

Proposals and questions should be submitted by December 1 and emailed to:

Karen Sawyer [sawyerk@arcadia.edu](mailto:sawyerk@arcadia.edu)

Phoebe Griswold [pwgriswold@mac.com](mailto:pwgriswold@mac.com)

The award-winning videos/media projects will be posted on the Diocesan website and shared widely throughout the Church.
